“We, the Committee for Perth believe that Perth should be the city in Australia that acknowledges, respects and celebrates its Indigenous Australian cultures.”
Introduction

The Committee for Perth took our first steps towards reconciliation back in 2007, stating our commitment to the celebration and respect of Aboriginal and Torres Strait Islander cultures and histories throughout Perth. That action culminated in the launch of our inaugural Reconciliation Action Plan (RAP) in December 2010 and our subsequent RAPs in 2012-2013 and 2014-2015.

The Committee for Perth prides itself on a genuine commitment to reconciliation through the focus of much of our research, activity and relationship building efforts. Our new RAP will guide our activities and initiatives for the coming three year period 2016-2018.

Our vision as an organisation is to work towards creating a city with an integrated strategic plan which ensures that the broader metropolitan Perth region:

- Promotes the high value of its people;
- Embraces its natural environment;
- Is vibrant and innovative;
- Participates on the world stage; and
- Has a strong sense of place.

We believe that the visible presence and participation of the Traditional Owners of Perth, the Noon-gar nation, in each of these areas is integral to the success of our vision.

It is also encouraging to know that there is a growing momentum towards reconciliation from many sectors of society and we are proud to be part of this cultural shift. Our members identify with this vision which is demonstrated through their membership with the Committee for Perth and many of them are undertaking their own journeys towards reconciliation.

Through the implementation of the initiatives outlined within our first three RAPs, we are now furthering our journey towards achieving genuine reconciliation between Aboriginal and Torres Strait Islander communities and the wider community through our fourth RAP.

We would like to thank Reconciliation Australia for their ongoing support and the assistance they have provided throughout our journey and also acknowledge our own Reconciliation Action Plan Sub-Committee, which acts as a working group and has provided valuable input into the development of our 2016-2018 RAP.

I look forward to extending and strengthening meaningful interaction with the Noongar nation, both personally and on behalf of the Committee for Perth as we seek to promote and encourage broader reconciliation with Aboriginal and Torres Strait Islander people throughout Australia.

---

Marion Fulker  
CEO  
Committee for Perth
Section 1 - The Committee for Perth & Reconciliation
Our Vision for Reconciliation

The Committee for Perth will lead by example for our members, stakeholders and the broader community in acknowledging and embracing the rich history and cultures of Aboriginal and Torres Strait Islander Western Australians. By helping to build important cultural pride across all Perth communities, we will effectively facilitate reconciliation, create opportunities for all and celebrate the special place of Aboriginal and Torres Strait Islander peoples as the Traditional Owners of our nation.

Our vision for reconciliation is that Perth becomes a city that truly acknowledges, pays respect to and celebrates its Noongar Aboriginal cultures.

Our Business

The Committee for Perth is an active think-tank and a positive and influential advocate for the Perth region. Our advocacy results in increased liveability and global competitiveness and makes Perth a great region in which to live, work, visit and invest. We have a vision of a future Perth that is vibrant, dynamic and inclusive, that capitalises on the advantages given to us by our natural landscape and abundant resources.

The Committee is a forward-looking organisation, with much of our work focusing on future Perth, and specifically a growing Perth, but we are aware that we are anchored to a particular history. We recognise that much of Western Australia’s current cultural and economic prosperity and future optimism comes as a result of the land’s natural resources and historical events and practices. A significant proportion of the work of the Committee for Perth focuses on attempting to encourage the foregrounding of Aboriginal and Torres Strait Islander culture within our community.

We firmly believe in the importance of recognising the connection that Noongar people have to country across the Perth metropolitan area and the south-west of the state and aim to respect this at all times.

Our Team

Our organisational structure is small yet effective and draws upon the skills and expertise of our members and consultants in order to progress our work, not only in terms of reconciliation but also our broader agenda of ensuring that Perth is culturally diverse, economically prosperous, sustainable and has world-class amenity. Dr Richard Walley OAM was appointed as our Indigenous Advisor in 2008 and as a Noongar man with strong connection to his people and culture, he has drawn together his community to assist us on our journey.

The Committee for Perth employs four full-time staff members and one part-time staff member. Currently, we do not have any Aboriginal or Torres Strait Islander employees. Given the size of our organisation, our focus on reconciliation is very much about external influence as opposed to internal change. Our respected and recognised advocacy voice affords us great opportunities to encourage reconciliation practices through our member and stakeholder organisations.
Our Reconciliation Action Plan

The Committee for Perth is committed to the promotion and celebration of Aboriginal and Torres Strait Islander cultures throughout Perth and we believe that the development of our Stretch Reconciliation Action Plan for the coming three year period 2016-2018, is an important ongoing step in this process. Our RAP provides another positive, public acknowledgement of our commitment to reconciliation principles and our desire to close the gap between Aboriginal and Torres Strait Islander peoples and other Australians.

Although as an organisation, we are focused on the future of a growing metropolitan Perth, we rely heavily on our collective history and believe that only by learning, acknowledging and embracing it can we create an inclusive and progressive city. The Committee for Perth will also benefit from the initiatives included in the Reconciliation Action Plan by improving and enhancing our own cultural awareness, which we can in turn share with our member organisations, stakeholders and networks.

A key vision of the Committee for Perth is to create a capital city that is rich in cultural diversity and welcoming and accepting of people from different cultures and backgrounds. The Committee seeks to encourage all Western Australians to acknowledge and embrace the rich history and cultures of Aboriginal and Torres Strait Islander peoples of the state and for them to be proud of that culture. We want Perth to become the city in Australia to truly celebrate Aboriginal and Torres Strait Islander Australian cultures.

In November 2008, we published A Cultural Compact for Western Australia – the 10 year challenge. This followed a period of extensive consultation with individuals and groups from cultural, community and business groups across Perth, with particular and culturally sensitive consultation with members of the Noongar community. One of the key recommendations of this report proposes that ‘WA make its acknowledgement and respect of its Aboriginal and Torres Strait Islander cultures and heritage visible at all times across the State.’

We undertake a Welcome to Country or appropriate cultural acknowledgement at all Committee meetings and events and have developed a Welcome to Country Guide to encourage our members and the broader business community to do the same.

We already have in place a number of existing relationships and practices of consultation and engagement with Aboriginal and Torres Strait Islander groups and experts in order to best inform our work and we will continue to nurture and build upon these.

Our Stretch Reconciliation Action Plan 2016-2018 is the natural culmination of a number of actions and initiatives that we have put in place and sought to implement over a period of nine years. The Stretch RAP is the second highest tier under the Reconciliation Australia templates, and aims to set measurable targets to be reported against on a yearly basis. During this process of RAP renewal, the Committee for Perth were advised that a Stretch template was most appropriate due to our long-term commitment to Reconciliation and the level of initiatives and strategies that are already in place.

Our Reconciliation Action Plan Sub-Committee is chaired by Committee for Perth Chairman, John Langoulant AO and includes Director Greg Ruthven, CEO Marion Fulker, Research Officer Georgia Harford-Mills and importantly long-term consultant Dr Richard Walle AO. Georgia champions our RAP internally.
Commitment to Reconciliation Initiatives Timeline

2007
Resolution passed by the Board that stated our commitment to the celebration of Aboriginal and Torres Strait Islander cultures throughout Perth.

Consultant Dr Richard Walley OAM, commissioned to undertake a significant research and consultation project with the Noongar community. The purpose of the dialogue was to present the Committee for Perth’s vision that Perth becomes a city that truly acknowledges, pays respect to and celebrates its Aboriginal and Torres Strait Islander cultures and to gauge the level of interest in this vision, as well as gather initial ideas and feedback. The consultation revealed an overwhelmingly positive response and Noongar people were particularly positive about the process primarily for being included in discussions from the outset.

Consultation with Noongar women held about ways in which to bring their culture to the forefront.

Office opened with an official ceremony that included a Welcome to Country by Dr Richard Walley OAM and was attended by representatives of the Noongar community.

A Cultural Compact for Western Australia – the 10 year challenge was launched following extensive community consultation and engagement with both Aboriginal and Torres Strait Islander and other groups. This was the first public and formal statement of our intention to practice and promote the foregrounding of Aboriginal and Torres Strait Islander culture and called upon the business, cultural and government sectors to do likewise.

2008
Centre for Aboriginal Studies at Curtin University was commissioned to undertake research into Celebrating Indigenous Culture. This research focused on Indigenous Cultural Centres with an examination of existing national and international cultural centres and a consideration of the relevance of such a centre for Perth.

Luncheon held to highlight Aboriginal and Torres Strait Islander issues relating to the Stolen Generation using the Carrolup Art collection as a case study.

Welcome to Country Guide published following further consultation with local Aboriginal and Torres Strait Islander community groups.

Twin reports World Centre for Indigenous Culture and Cultural Experience Centres published. These significant publications were a result of extensive research, study tours and consultation and were submitted to government in support of our call for a World Centre for Indigenous Culture in Perth. Through an examination of many existing cultural experience centres across the world, we made recommendations on elements that we believe essential for incorporation into a centre for Aboriginal and Torres Strait Islander arts and cultures in Perth.

CEO appointed to the State Government’s Indigenous Place Reference Group to help develop the concept for an Indigenous Cultural Centre in Perth as part of the Waterfront development.

Statement of Commitment to develop our Reconciliation Action Plan published.

2009
CEO attended launch of ‘It’s in my heart, this is still my country’ the landmark publication that provides the evidence for the Noongar Native Title claim.

CEO attended launch of It’s in my heart, this is still my country the landmark publication that provides the evidence for the Noongar Native Title claim.

Reconciliation Action Plan Sub-Committee established.

CEO and Dr Richard Walley OAM attended a 2-day Treaty of Waitangi workshop in New Zealand with a view to developing similar workshops in Perth to promote the learning and acceptance of the history of Perth and how it relates to the Noongar people.

These actions and the subsequent development of our inaugural RAP were driven by Committee for Perth Board, staff and working group members with input, advice and expertise provided by Dr Richard Walley OAM, the Centre for Aboriginal Studies, South West Aboriginal Land and Sea Council and independent researchers.

Each stage in the process served to strengthen our understanding of a number of current issues between Aboriginal and Torres Strait Islander peoples and other groups in the broader community. Collaboration and consultation also furthered our relationships with the Noongar community.

Through the process of preparing our first RAP, we gained knowledge and credibility as well as a deeper understanding of what the celebration of Aboriginal and Torres Strait Islander cultures should and could mean for the Committee, our members and the wider Perth community.

The development of our first Reconciliation Action Plan built on this knowledge and experience and was driven by the Reconciliation Action Plan Sub-Committee chaired by Committee for Perth Director, Joanne Farrell the sub-committee included Committee for Perth CEO Marion Fulker and Chair Tony Howarth along with long-term consultant Dr Richard Walley OAM.
At the beginning of 2011, we commenced the implementation of the initiatives contained within our inaugural RAP and the progress against our measurable targets has been detailed in our Reconciliation Action Plan Report which can be obtained via our website www.committeeforperth.com.au.

One of these initiatives involved displaying a Committee for Perth banner in support of Reconciliation during National Reconciliation Week.

Year two of our first RAP built upon our early initiatives and actions. One of the actions implemented included promotion of the work of the Indigenous Communities Educational Awareness organisation in our monthly newsletter. Again, the Committee supported Reconciliation during National Reconciliation Week through display of a banner.

Our Revitalising Working Group met in October 2012 in order to discuss the proposal for an Indigenous Arts Festival.

We also ensured the submission of the Committee’s RAP Implementation Measurement Questionnaire to Reconciliation Australia.

We established our RAP Sub-Committee under the direction of Committee for Perth Chairman, John Langoulant to undertake a review of the 2012-2013 RAP and to create the 2014-2015 RAP.

One of the initiatives of the Committee was to recommend the development of an Indigenous Cultural Centre. This was suggested within our publicised report entitled An Examination of Performing Arts Infrastructure.

During October, we held a Food for Thought with Hon. Fred Chaney AO and the CEO of the South West Land and Sea Council, Glen Kelley. The purpose of the lunch was the promotion of Reconciliation and the settlement of Native Title. The event had over 30 attendees who represented a large number of organisations from our membership base.

During 2014 the Committee for Perth reviewed its RAP through submission of our Implementation Measurement Questionnaire to Reconciliation Australia.

The actions outlined in this timeline and the subsequent development of our inaugural and subsequent RAPs were driven by the Committee for Perth Board, staff and Sub-Committee members with input, advice and expertise provided by Dr Richard Walley OAM, the Centre for Aboriginal Studies, South West Aboriginal Land and Sea Council and independent researchers.
Section 2 - Relationships
The Committee for Perth believes in the promotion of a dynamic and welcoming city. Such a city requires an inclusive community which relies on the strength of mutually respectful relationships that allow space for people from all nationalities to be recognised and to be themselves. We believe that Aboriginal and Torres Strait Islander peoples should be visibly present in this community and genuine relationships between Aboriginal and Torres Strait Islander Australians and the wider Australian community should be encouraged. We believe that building such relationships will lead to shared outcomes and benefits for all involved.

**Relationship Focus Area:** Establishing, promoting and sharing relationships with Aboriginal and Torres Strait Islander organisations and individuals and others engaged in reconciliation.

Section 3 - Respect
The Committee for Perth believes that all solid and enduring relationships are built on a foundation of respect. We recognise the Aboriginal and Torres Strait Islander peoples as the Original Custodians of our lands. We respect Aboriginal and Torres Strait Islander histories and communities built over thousands of years. As an organisation, we promote respect for all Aboriginal and Torres Strait Islander peoples and believe that practical demonstration of this respect will greatly assist steps towards Reconciliation.

Respect Focus Area: Respecting, recognising and promoting understanding of Aboriginal and Torres Strait Islander peoples by celebrating and promoting their cultures in all areas of our work.

Section 4 - Opportunities
The Committee for Perth believes that by providing opportunities for celebration, education and consultation, we can realise the path towards Reconciliation. Opportunity is a step towards self-determination and we will use our expertise, resources and networks wherever possible to facilitate opportunities for Aboriginal and Torres Strait Islander peoples.

**Respect Focus Area:** Focus area: Identifying, facilitating and creating opportunities for Aboriginal and Torres Strait Islander peoples across the wider Perth community.
